NEWS FROM THE DINING ROOM

Well Christmas is over and the New Year headaches are starting to disappear.

Tattersall's Club ended the Year with the traditional Chocolate Wheel and Cocktail Party. EVERYONE had a good time and I don't think one person left without at least one prize.

As January closes, it's good to see regular faces re-appearing in the Bistro and Dining Room. Please remember it is advisable to book for the Dining Room, especially if you would like a window table.

As another service to the Club members, we would like to offer you the opportunity to purchase picnic hampers. If you are having a picnic please phone us and we can prepare for you a complete picnic (including champagne), the only thing we can not supply is the ants. Price on application.

Don't forget about Tattersall's liquor service. If you need wine, spirits or beer for a BBQ or dinner just phone Peter Cross and he will gladly organise it for you.

If you have any suggestions as to services you require, please phone or write to Peter Cross.

CLUB SURVEY

The response to the Club survey has been most encouraging. To date over 750 members have replied. The company carrying out the survey on behalf of the Club have said that results will be compiled before the end of February. Survey results will be published in the Newsletter. The suggestions submitted will be of great assistance to the Committee for the preparation of the strategic plan on a short, medium and long term basis.

**NEW YEAR'S DAY
RACE MEETING**

Some 220 members of the Club attended the Club Race Day on 1 January, 1994 at Randwick. Those that attended, I am sure enjoyed the day, but next year we will have to find far larger function rooms to cater for our members in more comfort.

The raffle conducted for two return tickets to London was won by Adrian Abbott. The runner up with a weekend at the Park Lane Hotel was won by Mr G Spense.

Mr Tony McSweeney, former Chairman of the Club, presented the trophies to the owner, trainer and jockey of the Tattersall's Cup before the crowd in excess of 18,000.

The Race Day Committee will be meeting again in February to plan events for 1994.

A special thanks to British Airways - Ansett - Hermes Silk and William Inglis and Sons for their support.

RECIPROCAL CLUBS

To the members who have forwarded their comments on the Reciprocal Clubs that they have visited, we sincerely thank you. These comments have been filed so when you are visiting please feel free to ask for the facilities that are available.

MEMBERSHIP PROPOSALS

You will have received a membership package with your last Newsletter. Currently thirty new members are joining the Club each month. The existing facilities can only cater for approximately 3,000 members and as such it is anticipated that a waiting list will be instigated this year. If you have the intention of proposing new members, now is the time to do it.

WELCOME NEW MEMBERS

ADVERTISING

Quarter page advertisements are now being taken by the Club for inclusion within each Newsletter. If you feel the direct contact to all members of the Club would be of assistance to your company, then contact the Editor on 264 6111 and enquire as to the rates charged. Naturally these advertisements will be limited to the space available and on a first in first published basis.

HISTORY CORNER

It seems appropriate at this time, as the Club adds the finishing touches to the building, to recall from the Club history, the problems of building the last Club Rooms in 1925.

"The contract to build the Club was awarded to W B Baker and Sons for 92,529 pounds but the question as to whether the Club would be residential or not had yet to be resolved. The question was decided at a meeting on 26 February, 1926, when the Committee was empowered to allocated extra money to include bedrooms and attendant facilities in the approved plan, about 10,000 pounds, and other items, such as 4,500 pounds for special kiln facing bricks. The total cost of the new clubhouse was 106,570 pounds and included the cost of strengthening the foundations to allow for the addition of future storeys, thus avoiding the tremendous expense which would be involved if this work had to be done later. Future generations have had cause to be grateful for this progressive thinking by the Committee of 1926.

The building was due for completion in 52 weeks.

CONTRIBUTIONS TO THE NEWSLETTER

This is a reminder that contributions to the Newsletter close on the 20th of each month, so if you have any contributions please forward them to The Secretary, Mr Brian Emery.

Approval from the members to build the swimming pool had been the greatest stumbling block, E J Stanton, and 122 others, disapproved of the idea on the grounds that there were plenty of natural places around Sydney in which to swim. Thirty-six members then signed a request for a meeting to discuss the question. They claimed the pool would be non-productive and insanitary.

On 6 October, 1925, the meeting was held but when the Chairman asked for a motion along the lines set out in the requisition, there was no response. A vote was taken and the project approved by 112 votes to 17.

The swimming pool, which had been increased in size from 38.5 feet by 18 feet to 60 feet by 25 feet at the suggestion of noted swimming expert, E Cavill, was taken over by two very famous Australian sportsmen, the legendary, "Snowy" Baker, who achieved world renown in many sporting avenues, and Dick Cavill, foremost exponent of the "Australian Crawl", [which is not to be confused with the recently identified "cultural cringe"] and the first man to swim a hundred yards in less than a minute. No one was heard to cavil at this decision and the success of this new club activity was assured.

Opening day was expected to be 29 August, 1927 and the first move was planned for that time but there was a month's delay and, even then, makeshift arrangements had to be endured before the building was completed. On 27 September 1927, the executive offices were occupied, the athletic department on 24 October, the dining room on the next day and the residential section on 17 December. A Miss Fields was appointed as the first housekeeper at three pounds 10 shillings a week and board. The old

premises were vacated on a high note when, as their last official function, the Committee entertained the wardroom officers of HMS Renown during the visit to Sydney of the Duke of York, the future King George VI. The character and composition of the Club had changed quite considerably on more than one occasion since the early days and its function had become less complex but the old values still remained and, under the leadership of James Barnes, the members looked forward to an era of unparalleled prosperity in their new home overlooking Hyde Park."

LETTERS TO THE EDITOR

Member, Tim Maunsell, makes the following suggestions.

"I believe the use of mobile phones could be extended to include the Athletics Department and Bistro. The Club should allow its members to embrace technology not scorn it."

And Mr Maunsell also advised the Editor, "seeing the Clubs tradition is in horse racing (gambling) why is there no Club Tab and Sky Channel to increase the Clubs patronage". Tim also suggests, "that a room be set aside for our overseas guests and members as an executive service office complete with phones, facsimiles and secretarial services." Tim's final comment to the Editor, is "I believe the service and food could be improved in the Bistro, while the presentation is superb the meals are very bland and of poor nutritional content."

"We would like to take a moment to let you know that the Amarillo Club Board of Directors decided that effective 1 January 1994 your members will be charged a \$10 guest fee when they use the Amarillo Club. We hope you all let your members know about this fee when the opportunity arises.
